

Hunter Year End Scores

Hunter Division points are earned by competing in the same division on the same horse. All points earned count towards Year End Awards. Pair must compete at a minimum of 4 shows and in all 3 classes offered in the division.

Equitation Division points are earned by the rider competing in the same division on any horse. All points earned count towards Year End Awards. Rider must compete at a minimum of 4 shows and in all 3 classes offered in the division on the same horse (can be different horses at different shows).

Table is presented in alphabetical order by Rider first name. Equitation Year End points are not tabulated but presented associated with the horse they were earned on. With 3 Hunter shows left, all points shown could be a factor in Year End Awards. Updated points will be posted one more time, after The Riding Centre show.
